House Rules

1) Leave the AC on 72 during the summer or heat on at 68 during the winter. Do not set the AC below 70 in the summer or the unit will freeze up. If the unit freezes up, the unit will have to be turned off to thaw and then re-cool which could take hours.

2) Do not adjust refrigerator settings. If you lower the setting, the lines will freeze and the refrigerator will stop working – which means everything inside will just get warmer. If this happens, the unit will have to be turned off overnight for the lines to thaw and then turned back on in the morning.

3) Report any damaged articles or malfunctioning equipment to the owner or On-site Guest Coordinator at the contact numbers provided in the front of this book.

4) Prior to using the Hot Tub, please wash off all suntan lotion, clay, mud, gravel, etc. from your person. The algae from the lake will make the hot tub water cloudy. When not in use, please cover the Hot Tub.

Please do not change the settings on the hot tub, other than to turn the jets on when in use. Do not add water or chemicals to the tub. Do not stand on the hot tub cover – it will break, and the replacement cost will be deducted from your deposit.

House Rules

5) Grill tools are provided in the utensil drawer to the left of the first floor stove. Please clean the grill with the wire brushes attached to the grill. Important – please cover the grill after it has cooled. Rain in the grill will make it hard to start up and will cause grease on the deck. Should you run out of propane, please call owner or On-site Guest Coordinator at the contact numbers provided in the front of this book.

6) Please remove your shoes indoors -- the "Tennessee Clay" is damaging to the wood floors and carpeting. A cleaning fee will be assessed for any clay/mud on the carpet or excessive amounts on the deck area.

7) Do not rearrange any furniture, please treat this home as your own. Any additional charges from cleaning crew for moving furniture back to it's original spot may be deducted from your deposit.

8) Locked closets are for owners use only. Any damaged locks or missing items from these closets will be deducted from your deposit.

9) Dock: **no wake in cove.** Please be courteous to other boats tied to neighboring docks by idling in and out of the cove, Jet Ski's included. Please do not allow neighbors onto our dock to jump or use slide – this is prohibited and any injuries may result in questioning.

10) Fireworks are prohibited from houses, decks and docks. There are to be no bonfires or fire rings during the summer or fall months due to TVA regulations. Violation of this law may involve a maximum of 5 years in prison and a \$50,000 fine. So be safe and do not start any fires.

House Rules

- 11) Fire Extinguishers are located under the kitchen sink first and second levels.
- 12) No animals or pets of any kind can be kept, allowed or permitted on or in the premises.
- 13) There is NO SMOKING allowed inside the rental homes. Please smoke outside on the decks and properly dispose of the butts. Throwing them over the deck may cause a fire in the summer months – please do not do this.
- 14) Please do not disconnect or rearrange any wiring to or from the TVs, modem or wireless router. If you have any problems, please call owner or On-site Guest Coordinator at the contact numbers provided in the front of this book.
- 15) In the unlikely event you need maintenance during your stay, do not attempt to fix anything yourself. Please call the owner or On-site Guest Coordinator at the contact numbers provided.
- 16) Please do not move furniture or take deck furniture down to the dock. If cleaning team is required to move furniture back in its place, or if any furniture is damaged or missing, any costs associated will be deducted from your security deposit.

House Rules

17)Free Wi-Fi is provided, but data is limited due to the limitations of the area and the type of service provided. Once data is used, service slows down drastically. Please do not stream music, movies or download large files or apps or the data allowance will be used up quickly. If more data is required, please contact the owner.

18)Wet Clothes / Towels = Do not drape any wet items over interior furniture, railings or floors (use the OUTSIDE railings & hooks). In other words, please treat our home as you would your own.

19)Fridge Ice Maker = we only have one ice maker, in addition to ice cube trays. Hence, brings lots of ice in your coolers. Once you pass the Wendy's restaurant in town, I recommend stopping at a gas station on the right to grab several bags of ice (so you can fill up all the coolers). The nearby sugar hollow marina also carries ice.

20)Coolers = **Please place all coolers outside on the front porch. If you bring them inside, you may create substantial water damage to the floors.**

Check Out Procedures

- 1) Check out is 10:00 AM – no exceptions during peak season due to the turn over of houses.
- 2) Remove sheets and pillowcases from beds used and place linens at the foot of the bed. Please leave mattress pad in place and leave comforters on top of the beds. **DO NOT MAKE UP ANY BEDS THAT WERE SLEPT IN.** Soiled towels and wash cloths are to be placed in the bathtubs.
- 3) Take all food out of refrigerator and cupboards and dispose of it properly. Trash must be bagged and tied and put in outside trash cans provided. No loose trash in garbage cans. The trash removal service charges an extra fee for trash that is not bagged. This fee will be deducted from your deposit. Should you have an abundance of trash, please notify the homeowner at the contact number provided in the front of this book.
- 4) Rinse all dishes prior to placing them in the dishwasher and run them through the cycle. Please check that the dishwasher is running properly.
- 5) Unplug the coffee pots and toasters.
- 6) Please place dishes, cups and silverware back in appropriate kitchens. Blue/White dishes go in upper kitchen, green/brown/yellow dishes go in 2nd floor kitchen. Any fees charged by the cleaning team to move dishes back into place maybe be deducted from your deposit.

Check Out Procedures

- 7) Close and **LOCK** all doors and windows anytime you leave the home.
- 8) We welcome your comments. Please take a moment to email us after your stay and let us know about your vacation.
- 9) Please be respectful to the homeowner and treat our home as you would your own home. We have put a lot of time, effort and money into our home to provide you and your family a wonderful Norris Lake vacation.
- 10) Deposits are refunding when property is inventoried, inspected and found clean and undamaged. Deposit refunds will be issued or before the 10th of the following month of your check-out date.

It is the renter's responsibility to explain these rules to their guests and to abide by these rules. Any extra charges that may be assessed by the owner, along with any damage expense, will be deducted from your security deposit.

Watercraft Safety

Passengers*

Wearing a PFD is recommended.

Do not overload the boat.

Avoid horseplay.

Have Personal Flotation Devices (PFDs) readily available for everyone.

In small boats, remain seated.

Trim boat by placing passengers and gear in balance.

Before Leaving*

Tell someone where you are going and when you expect to return.

Check weather forecasts.

Ventilate bilges before starting engine.

Be sure your boat is basically equipped.

Watercraft Safety

Top Ten Water craft Basics*

- 1) Be mindful and aware of your surroundings.
- 2) Always obey “no wake zone” notifications. In most cases these areas are established for swimmers, onshore fishing and to decrease the potential risk of damage done to a docked boat or watercraft.
- 3) Do NOT overload your watercraft.
- 4) Do NOT operate a boat/Personal Watercraft (PWC) while under the influence of alcohol. You could seriously harm yourself and others. Serious penalties can be applied by the law.
- 5) Make sure PFDs readily available and that you have one for every person on board the boat.
- 6) Children under 12 must wear a Personal Flotation Device while underway – even while drifting.
- 7) Let someone know of your whereabouts, how long you will be gone and when you expect to return.
- 8) Never follow directly behind other boats or PWC.
- 9) SLOW DOWN BEFORE approaching docks, boats, swimmers, shore, bridges.
- 10) PWC/wave runners cannot be operated between sunset and sunrise.

Boat Ramp Instructions

If you have a boat, you need to drop it first before driving to the house. You cannot take your boat onto Blue Water Lane, it dead ends and you will not be able to turn around.

Once you enter Lakeside Estates, either park your boat/trailer up by the pool in the overflow lot (on your left as you are driving towards Blue Water Lane), or take a left at Waterfront trails before you get to the pool/overflow lot and that will take you directly to the boat ramp. Your trailer can be parked in the overflow lot up by the pool during your stay. We recommend locking your trailer.

1. Keep to the left, then left at sign

2. Come down driveway forwards and go towards red house

3. Turn towards red house, . . . pull forward towards the house, . . . then start backing down the ramp.

4. Pull down to the water and put the boat in.

5. Enjoy!
